

PYP1-PYP2

Math Explorers:

A journey through numbers and shapes

Crafted by Sara Hoxha

Unlock the Fun in Math with "Math Explorers"

Built on the PYP1 and PYP2 Math curriculum at ABIS, reinforcing key skills while sparking a love for mathematics.

Engaging Activities:	Explore math through games, puzzles, and creative challenges.
Real-Life Applications:	Connect math concepts to everyday life.
Interactive Learning:	Work in teams to solve problems and build confidence.

Empowering Minds Through Math

- **Reinforces Key Skills:** Strengthen addition, subtraction, patterns, and geometry.
- **Develops Problem-Solving:** Build logical thinking and creativity.
- **Boosts Confidence:** Celebrate small victories and progress in every session.

Join the Adventure!

Embark on a meaningful journey to explore numbers, shapes, and patterns through hands-on activities and innovative challenges designed to build essential math skills.

Wednesdays, 13:20-14:20

Designed for PYPI - PYP2 students

Total Sessions: 13

Cost: €250 (Materials Included)
